TECHNICAL DIRECTOR

SUMMARY OF QUALIFICATIONS

I am a seasoned creative professional with a solid track record of reliability and employer satisfaction. I have 17 years of experience in church media, and since 2007, I have successfully recruited and trained volunteers in technology, showcasing strong leadership and administration skills. I am dedicated to staying updated with the latest technology and innovations within a church environment and have successfully developed systems and programs. My ability to build and lead teams extends across diverse environments, including staff and volunteers, providing care, mentoring, and equipping team members. I am an excellent communicator, speaker, and teacher, and I have a passion for articulating abstract concepts in everyday language and training others in technology. My outstanding interpersonal skills, friendliness, and flexibility enable me to interact effectively with staff and volunteers. I am also a proficient problem solver, analyzing needs to create practical solutions, and I possess strong negotiation and organizational skills. I currently reside in Fort Worth, TX where I live with my family.
